“Colorectal Surgery Prevention and
Cure: Largely in Our Hands”
Helfaer Auditorium
Froedtert Hospital, Level 1

The Division of Colorectal Surgery is proud to announce the first annual *Get Your Rear in Gear Visiting Professor*, Dr. James Church, from the Cleveland Clinic Foundation. Dr. Church is an internationally known authority on inherited colorectal cancer and is a founding member of the Collaborative Group of the Americas for Inherited Colorectal Cancer.

Each of the last three years, along with the Colon Cancer Coalition, we have held a Get Your Rear in Gear run/walk event here in Milwaukee. This event is intended to raise awareness of: the importance of screening for colorectal cancer; and the impact of this disease on patients and their families. Along with the run/walk, The Get Your Rear in Gear steering committee has decided to support an annual Visiting Professorship with some of the funds raised in the past three years.
